

CHILD CARE OPERATIONS GRANT for Utah Child Care Providers

YOU CAN APPLY for an Operations Grant from the Utah Office of Child Care (OCC).

During the Covid-19 pandemic, a significant number of Utah's licensed child care centers and licensed family child care programs have closed. These closures are primarily due to low

enrollment in child care programs. In addition, families who continue to need child care have limited options for child care available through the existing child care system.

ELIGIBILITY:

- Program with a license in good standing from Child Care Licensing
- Open, operating and providing child care each month during which a payment is issued
- Comply with the [Emergency Conditions for Child Care Order](#) issued by Child Care Licensing on March 25, 2020
- Not operating under an Emergency Child Care License in the One Utah Child Care system

THE COVID-19 CHILD CARE TASK FORCE, in partnership with the Utah Office of Child Care (OCC), created the Child Care Operations Grant program to support Utah's child care programs that remain open and the professional caregivers who are working through the COVID-19 pandemic. Utilizing funding through the Coronavirus Aid, Relief and Economic Security Act (CARES Act), OCC will provide these grants for child care providers statewide.

The Child Care Operations Grant will provide child care business owners with the means to stay open and operating during the COVID-19 pandemic — despite low enrollment — to support Utah's workforce who need child care.
